Jiarui Xing

Gender: Male DOB: Apr.7, 1993

Email: j.xing@wustl.edu

Education

Washington University in St. Louis **09/2017-**

● Program: MS in Computer Science

University of California, Santa Barbara (Extension Program) **09/2016-12/2016**

Beijing Normal University, College of Information Science and Technology **09/2013-07/2017**

● Major: Electronic Information Science and Technology

● Degree: Bachelor of Science

Research Experience

Deep-learning based MRI denoising **05/2018-**

WUSTL CS Master Project

Graph Representation for Text Classification **05/2018-08/2018**

WUSTL CS Master Project

Virtual Fitting System Based on 3D Reconstruction **06/2014-05/2015**

Beijing Science and Technology Innovation Program

● Learned 3D modeling and studied the configuration and application of openGL and Kinect

● Gained the 3rd prize while being applied by College of Information Science and Technology to participate in the National Youth China Adolescents Science & Technology Innovation Contest

Hand-written Chinese Character Recognition System Based on Speaker Dependent **03/2016-05/2016**

Computer Vision Course Practice

● Independently accomplished the project approval and route design, and implemented the code

● Compiled a complete document by combing *Software Engineering* subject

Internship

Summer Internship in Chinasoft International Limited **07/2016**

Summer Internship in Shanxi Sino-quality Credit Connectivity Information Technology Co., Ltd 07/2016-09/2016

Publications

Jia-Rui Xing, a, Shuxiao Wang, b, Zihao Zheng, b*.*Research on the relationship between the software subsidy scheme of a taxi and the ease of hailing a taxi*[C]. 2016 International Conference on Information Engineering and Communications Technology, Shanghai, 2016.6. *DEStech Publications, Inc,2016,214-219*

The 2016 International conference on Civil, Structure, Environmental Engineering, Guangzhou, *Advances in Engineering Research, 2016.3. Atlantis Press,2016,210-218.*

Extracurricular Activities

Minister of Academic Department, Student Union in College of Information Science and Technology

05/2014-05/2015:

Honors & Awards

Title of Excellent Intern in Chinasoft International Limited 07/2016

Honorable Mention in MCM/ICM	01/2016
The 1st Prize in CUMCM (Contemporary Undergraduate Mathematical Contest in Modeling), Beijing	10/2015
The 1st Prize in Beijing Normal University Mathematical Modeling Contest	05/2015
The 2nd Prize in "Jingshi Cup" Contest for Extracurricular Academic Technology Works, Beijing Normal University	05/2015
Successful Participant in MCM/ICM	01/2015
The 3rd Prize in Beijing Normal University ACM Freshmen Contest	12/2013

Related Courses Taken and Scores

Graduate	
Probability and Stochastic Process	A
Machine Learning	A
Bayesian Methods in Machine Learning	A-
Computer Vision	A-
Algorithms for Nonlinear Optimization	A
Computational Geometry	B
Undergraduate	
Signal and Systems	85/100
Digital Signal Processing	93/100
Digital Audio and Video Technology	93/100
Digital Images Processing	93/100
Computer Vision	95/100
